ACR offer integral solutions for your projects , from design to implementation.

- Hardware and software design
- Welding programming (mig , design , laser & brazing)
- Pedestal welders programming
- Implementation of vision systems
- Analysis and process improvement
- Cycle time improvement and motion study

Industries Served

- Automotive
- Battery Automation
- Defense and Aerospace
- Metal Removal and Casting
- Stamping

Field Services Available

CONTROLS

- Allen Bradley, Siemens, GE, Mitsubishi, Omron
- Wonderware, Ignition, FIS Systems, and SCADA
- Drives, Vision, Scanners, Line tracking, Scheduling
- EPLAN, AutoCAD and SOLIDWORKS

ROBOTICS

- Fanuc, ABB, Nachi, Kawasaki, Kuka, Motoman
- Welding (RSW/MIG/Laser/ Drawn Arc Stud)
- Sealing/Dispensing, Riveting, Flow Drills, Clinch Guns
- Material Handling and Fanuc 2D & 3D iRVision Applications
- Fanuc DCS, KUKA SafeOperation, ABB SafeMove and Kawasaki Cubic-S
- Offline Programming and Troubleshooting
- ONE PLC

PROGRAMMING STANDARDS:

- GM
- STELLANTIS
- VASS
- COSMA
- INTEGRA
- GESTAMP
- BMW
